Academy Introduction Mission The Nation's Most Realistic Service Academy Summer Program

**IS THE UNITED STATES
COAST GUARD ACADEMY
THE RIGHT COLLEGE FOR YOU?**

FIND OUT THIS JULY.

The Academy Introduction Mission (AIM) program challenges and inspires rising high school seniors interested in serving their country and exploring technical degree programs. During six action-packed days, you'll immerse yourself in Coast Guard tradition and Academy life with Cadet leaders:

- in the engineering lab
- on the playing fields
- on the parade grounds
- on the water

Attending AIM is, to put it bluntly, intense. Students rate AIM as the most realistic and most rewarding of the service academy summer programs.

You rise early. You study, compete, and create. You test your mind, body, and spirit as you build lasting friendships with students from around the nation.

WHAT GRADUATES SAY

“Last week was a defining moment for me. I have attended this summer not only AIM, but also the Naval Academy and Air Force Academy’s summer seminars, and AIM was the most fun, fulfilling, and meaningful. The Coast Guard is where I want to be.” (Lee, 2014)

“One of the most beneficial elements of the week was definitely the FIT sessions. They really helped me to see what kind of person I truly am and what kind of life I might want to live when I get older.” (Evan, 2014)

WHY AIM?

- It’s one thing to think about attending a service academy, another to experience it. Cadets lead you and share their experience, every day.
- AIM will push you to your limits. Accept the challenge and watch your world and future open up.
- Discover why the Coast Guard Academy is the most distinctive service academy.
- Hear from graduates who serve their country and humanity; saving lives, securing our borders, enforcing laws, and protecting the environment.
